PROFESSIONAL SUMMARY

Systems Engineer and Data Analyst skilled in Power BI, SQL, and dashboard development focused on transforming raw data into actionable business insights. Experienced in KPI design, DAX measures, Power Query and analytical storytelling through clean, user-focused dashboards that support decision-making and performance analysis.

PROYECTS

 Customer Churn Risk & Retention Strategy Dashboard

Stack: Power BI | DAX | SQL

- Bullets:
- Developed a multi-page business intelligence dashboard analyzing customer churn behavior, financial exposure, retention patterns, and geographic risk distribution.
 - Built advanced DAX measures, KPI storytelling, and interactive visualizations to transform customer data into actionable business insights.

 Spotify Streaming Performance Dashboard

Stack: Power BI | DAX | Power Query

- Bullets:
- Designed an interactive analytics dashboard inspired by the Onyx Data DataDNA Challenge using Spotify streaming data.
 - Applied data visualization and storytelling techniques to analyze streaming trends, artist performance, and audio feature patterns.

 Nonprofit Database Management System

Stack: Microsoft SQL Server | T-SQL | Microsoft Access | VBA

- Bullets:
- Designed and implemented a real-world relational database solution for a nonprofit organization as part of a university community project.
 - Developed database structures, views, stored procedures, triggers, and SQL Server integration with Microsoft Access to improve data management and operational workflows.

EDUCATION

 Bachelor's Degree in Systems Engineering - Universidad Latina de Costa Rica
Apr. 2020 - Apr. 2026

CERTIFICATIONS

Power BI Advanced Data Analytics - Udemy 2025

Business Intelligence Foundation Professional Certification (BIFPC) - CertiProf 2023

Cisco Certified Network Associate (CCNA Modules I-III) - Cisco Networking Academy 2023-2024

TECHNICAL SKILLS

Data Analytics: Power BI, DAX, ETL, Power Query, Data Visualization, Dashboard Design, Analytical Storytelling

Databases: SQL, T-SQL, SQL Server, MySQL, Data Modeling

Programming: Python, C#, JavaScript, HTML/CSS

Tools: Excel, Git / GitHub, Power BI Service

LANGUAGES

Spanish (Native) | English B2
